

INVITATION and CALL for PAPERS

SYMPOSIUM ON CLINICAL NEUROPHYSIOLOGY OF VISION AND ON EYE MOVEMENTS WITH THE 26th DR. JANEZ FAGANEL MEMORIAL LECTURE

17-18 September 2010, Ljubljana, Slovenia

We are pleased to announce the 2010 Ljubljana Symposium on Clinical Neurophysiology with the 26th Dr. Janez Faganel Memorial Lecture. It will be dedicated to Vision and Eye Movements and is planned for 17-18 September 2010. Both topics will be covered from the clinical and research perspectives, hence interesting not only to neurologists, ophthalmologists, and otologists, but also to other experts in medicine and basic sciences.

The memorial lecture 'Face recognition-related potentials: EEG, MEG, and NIRS studies' will be given by Professor Ryusuke Kakigi from Okazaki, Japan, one of the world authorities in the field of evoked magnetic responses following visual and somatosensory stimuli.

You are warmly invited to participate in this traditional event, as well as to present the results of your original research. We will do our best to make your stay in Ljubljana enjoyable.

Jelka Brecelj and Janez Zidar, *Chairperson*

PROGRAMME

Friday, 17 September

DR. JANEZ FAGANEL MEMORIAL LECTURE

Ryusuke Kakigi (Japan): Face recognition-related potentials: EEG, MEG, NIRS studies

VISUAL ELECTROPHYSIOLOGY - review lectures

Basic physiology of the visual analysis
Martin Štrucl (Slovenia)

Electrophysiology in retinal disease
Graham Holder (Great Britain)

Electrophysiological evaluation of the visual pathway
Jelka Brecelj (Slovenia)

The rational use of electrophysiology in neuroophthalmology
Marko Hawlina (Slovenia)

Paediatric visual electrophysiology - methods and indications
Dorothy Thompson (Great Britain)

POSTERS

EYE MOVEMENTS - review lectures

Extraocular muscles and ocular motility
Branka Stirn-Kranjc (Slovenia)

The anatomy and physiology of eye movements in health and disease
Christopher Kennard (Great Britain)

Diagnostic procedures for detecting eye-movements defects in vestibular and brainstem lesions
Ksenija Ribarič (Serbia)

Wobbly eyes
Christopher Kennard (Great Britain)

Blinking, its mechanisms and pathology
Marko Korošec (Slovenia)

Saturday, 18 September

RESEARCH REPORTS

WORKSHOPS

- Basic ERG and VEP, normal and typical pathological findings (hands on)
- Ocular movements in neurology and ophthalmology

Organisers:

Institute of Clinical Neurophysiology and Eye Clinic of the University Medical Centre Ljubljana, Slovene Society of Clinical Neurophysiology, and Slovene Ophthalmological Society

Venue:

University Medical Centre, Zaloška cesta 7, Ljubljana Lecture hall No. 1

Congress Technical Organiser:

AUDITORIA, PCO & Event Management - Ms. Maša Pentek, Tržaška 286 D, SI-1000 Ljubljana, Slovenia
Tel.: +386 1 244 56 70, Fax: +386 1 244 56 75; E-mail: masa.pentek@auditoria.si

Registration Fee:

150 Eur till 30th June, later 200 Eur

Organizing Committee:

Jelka Brecelj and Janez Zidar (Chairpersons); Marko Hawlina, Blaž Koritnik, Nika Kosmač, Branka Stirn-Kranjc, Tone Žakelj (Secretary)

Programme Committee:

Jelka Brecelj and Janez Zidar (Chairpersons); Marko Hawlina, Graham Holder, Ryusuke Kakigi, Marko Korošec, Tine S. Prevec, Branka Stirn-Kranjc, Dorothy Thompson
